## PEACE OFFICER STANDARDS & TRAINING

# Full-Time Basic/Part Time Basic/Refresher Training Packet

16

Dear Law Enforcement Administrator and Examining Physician:

This training packet contains a medical evaluation, a reimbursement supplement and an application for enrollment to the academy. Please complete all forms in accordance with the instructions below. Submit the completed packet (pages 1 - 8) to the academy at least two weeks prior to attending a training course (forms that have been completed six months or more prior to training cannot be accepted). With an increased awareness of the importance of physical fitness in the law enforcement profession, as well as in the overall maintenance of quality of life, the Board on Law Enforcement Officer Standards and Training (BLEOST) has enhanced fitness standards for law enforcement candidates. Students will be participating in vigorous physical fitness training and defensive tactics, as well as stress-related training (physical and mental), in such areas as driving, firearms and officer survival. Driving and firing events incorporate seasonal inclement weather with day and night sessions to further enhance stress-related training.

This medical examination report should provide an adequate evaluation of the physical condition of a law enforcement candidate and identify potential problem areas in each candidate's ability to successfully complete training. Agencies are urged to consider carefully any decision to enroll a student in training who has a potential problem. Students with weight problems, who have not been active in a physical fitness program or who have some medical difficulty, will have a greater probability of not completing the course. If at all possible, fitness levels should be at or above the minimum levels established in this packet prior to attending the basic course. The procedures for completing these forms are as follows:

#### Information for the Physician - Continued

#### **Physical Fitness Requirements**

The Board on Law Enforcement Officer Standards and Training (BLEOST), in recognizing the importance of physical fitness for academy performance and subsequent job performance, has established physical fitness training standards that must be achieved in order to successfully complete the training program. The board has established a test that effectively measures cardiovascular endurance and strength. An additional component of fitness, body weight and composition (% of body fat), has a great impact on the examinee's ability to perform the other tests. The evaluation of the candidate's fitness begins with a physician's examination and a determination of the ratio of fat to lean tissue. If an individual's weight exceeds the threshold weight, then a skinfolds caliper measurement should be taken to determine body fat percentage.

The BLEOST will require all board-approved training academies to administer an entry physical fitness test for those students reporting to the training program. The test will be given immediately upon reporting for training and will determine whether a student can remain in the program. This test is an eligibility requirement. A passing score of 50% must be achieved. Those students who fail the test must leave the academy. They may, however, resubmit their application to attend a future training class.

The test is comprised of three components: agility run, push-ups, and a 1½ mile run and is administered to all Full-time, Part-time, and Refresher trainees. It is the same test administered at the end of the program for Full-time and Part-time trainees (Refresher trainees are not required to take the final test) with one exception: The entry test requires 50% to pass while the final test requires 70%. This requirement does not relieve students from participating in P.T. training once they pass the entry requirement. Full time and Part-time trainees will continue to participate in scheduled P.T. training and must also pass a final P.T. test with a minimum score of 70% in order to graduate.

Physical fitness can only be achieved over time. It requires a commitment to regular exercise and good eating habits. Thus it is important to disseminate this information so that all impacted personnel can prepare ahead of time. Scores needed to enter training and to graduate are as follows:

#### Instructions

Complete Parts I, II and III of the "Application for Certification" form for all newly hired <u>full-time</u> law enforcement officers. Return the form to the Board on Law Enforcement Officer Standards and Training (BLEOST) within thirty days of the officer's date of hire.

#### Part I

Type or print in ink when completing this form. Record the applicant's full name, social security number, date of hire as a full-time law enforcement officer, date of birth, current position or rank, the name of the employing agency/department, the department's telephone number and mailing address. Check whether or not the applicant has ever been certified under the Law Enforcement Officers Training Program (LEOTP). If the answer is yes, enter the applicant's certificate number. State the number of years of education completed by the applicant. Check whether the applicant has a high school diploma or GED, and denote any degrees earned other than a high school diploma or GED (i.e., BS - Bachelor of Science, BA - Bachelor of Arts, etc.).

List all past employment that has been held by the applicant, beginning with the applicant's most previous employment and working back. Include the name of the employer, the position held, the city and state where employed, and the dates of said employment.

List all law enforcement training consisting of eighty (80) hours or more that has been successfully completed by the applicant. Include copies of the certificates of completion and any other documentation available, such as a course curriculum.

#### Part II

This portion of the form must be completed by the applicant. Circle the answer that applies. A "yes" answer to any of these questions does not automatically bar anyone from obtaining certification. Any of the questions, items one (1) through nine (9) that are answered "yes" must be explained to the Board. The explanation must be typed or printed in ink on a separate eight and a half (8½") by eleven (11") inch sheet of paper, signed and dated by the applicant and include all related court documents.

All crimes must be reported, to include alcohol and drug related offenses. The only exceptions to this requirement are traffic offenses where the fine is less than one hundred dollars (\$100.00) and where the applicant has had fewer than four (4) traffic offenses within the preceding twenty-four (24) months. All traffic offenses involving drugs or alcohol, are to be reported regardless of the fine. Any alternative to sentencing that has been decreed by any political subdivision must be reported including, but not limited to: pre-trial diversion, probation, fines, restitution, or community service. The applicant must sign and date "Part II - Applicant's Background Investigation Review" before a Notary Public.

#### Part III

This part of the background investigation review must be completed by the head of the department or someone with authority to sign as the department head. There must be a letter on file, at this office, stating specifically who has the authority to sign as the department head. This letter of authorization will have to be signed by the head of the department.

Each procedure must be <u>initialed</u> (ex. - <u>JD</u> 1. A personnel ...) by the agency head to indicate completion of said procedure. The applicant's fingerprints must be submitted to the Criminal Information Center of the Mississippi Department of Public Safety (see the address below). If procedure number four (4) is not applicable to the officer in question enter N/A in the space provided. "Part III - Agency's Background Investigation Review" must be signed and dated before a Notary Public by the department head or someone with authority to sign as the department head.
