1.1.2 Late Submissions

A bid received at the place designated in the solicitation for receipt of bids after the exact time specified for receipt will not be considered unless it is the only bid received, or it is received before award is made and was sent by registered or certified mail not later than the fifth ^(5th) calendar day before the date specified for receipt of bids. It must be determined by the Mississippi Department of Public Safety that the late receipt was due solely to mishandling by the Mississippi Department of Public Safety after receipt at the specified address.

The only acceptable evidence to establish the date of mailing of a late bid is the U.S. Postal Service postmark on the wrapper or on the original receipt from the U.S. Postal Service. If the postmark does not show a legible date, the contents of the envelope or package shall be processed as if mailed late. "Postmark" means a printed, stamped, or otherwise placed impression, exclusive of a postage meter impression, that is readily identifiable without further action as having been supplied and affixed by the U.S. Postal Service on the date of mailing. Bidders should request postal clerks to place a hand cancellation postmark (often called a bull's eye) on both the receipt and the envelope or wrapper.

The only acceptable evidence to establish the time of receipt at the office identified for bid opening is the time and date stamp of that office on the bid wrapper or other documentary evidence of receipt used by that office.

1.1.3 Contact and Questions/Requests for Clarification

Bidders must carefully review this solicitation, risk management provisions, and all attachments for defects, questionable, or objectionable material. Following review, vendors may have questions to clarify or interpret the Information for Bid (IFB) in order to submit the best bid possible. To accommodate the questions and requests for clarifications, vendors shall submit any such question via email by the deadline reflected in Section 1. All questions and requests for clarifications must be directed by email to:

Britney Wesley or
(601) 987-1407
bjwesley@dps.ms.gov

or

Sonya Williams
(601)987-1467
sonya.williams@dps.ms.gov

- Vendors should enter "IFB RFX 3160007024" Questions" as the subject for the email. Question submittals should include a reference to the applicable IFB section and be submitted in the format shown below:

	IFB Section, Page Number	Vendor Question/Request for Clarification
1.		

- Official responses will be provided only for questions submitted as described above and only to clarify information already included in the IFB. The identity of the organization submitting the question(s) will not be revealed. All questions and answers will be published on the Mississippi Contract/Procurement Opportunity Search Portal website and the agency's website as an amendment to the IFB by the date and time reflected in Section 1.
- The agency will not be bound by any verbal or written information that is not contained within this IFB unless formally noticed and issued by the contact person as an IFB amendment. Bidders are cautioned that any statements made by agency personnel that materially change any portion of the bid document shall not be relied upon unless subsequently ratified by a formal written amendment to the bid document.
- All vendor communications regarding this IFB must be directed to the Bid Coordinator. Unauthorized contact regarding the IFB with other employees of the agency may result in the vendor being disqualified, and the vendor may also be suspended or disbarred from the State.

1.2 Expenses Incurred Preparing Bid

The MDPS accepts no responsibility for any expense incurred by the bidder in the preparation and presentations of a bid. Such expenses shall be borne exclusively by the bidder.

1.3 Bid

All pricing must be submitted on the bid (**Attachment B**). Failure to complete and/or sign the bid may result in the bidder being determined nonresponsive.

1.3.1 Bidder Certification

The bidder agrees that submission of a signed bid is certification that the bidder will accept an award made to it as a result of the submission.

1.4 Registration with Mississippi Secretary of State

By submitting a bid, the bidder certifies that it is registered to do business in the State of Mississippi as prescribed by the Mississippi Secretary of State or, if not already registered, that it will do so within seven (7) business days of being offered an award. Sole proprietors are not required to register with the Mississippi Secretary of State.

1.5 Debarment

By submitting a bid, the bidder certifies that it is not currently debarred from submitting bids for contracts issued by any political subdivision or agency of the State of Mississippi or Federal government and that it is not an agent of a person or entity that is currently debarred from submitting bids for contracts issued by any political subdivision or agency of the State of Mississippi.

1.6 Acknowledgement of Amendments

Should an amendment to the IFB be issued, it will be posted on the Mississippi Contract/Procurement Opportunity Search Portal website and the agency's website in a manner that all bidders will be able to view. Further, bidders must acknowledge receipt of any amendment to the solicitation by signing and returning the amendment with the bid package, by identifying the amendment number and date in the space provided for this purpose on the bid form, or by letter. The acknowledgment should be received by the agency by the time, date, and at the place specified for receipt of bids. It is the bidder's sole responsibility to monitor the websites for any updates or amendments to the IFB.

1.8 Written Bid

All bids shall be in writing.

1.9 Rejection of Bids

A bid response that includes terms and conditions that do not conform to the terms and conditions in the IFB document is subject to rejection as non-responsive. Further, submission of a bid form that is not complete and/or signed is subject to rejection as non-responsive. The agency reserves the right to permit the bidder to withdraw nonconforming terms and conditions from its bid response prior to a determination by the agency staff of non-responsiveness based on the submission of nonconforming terms and conditions. Furthermore, if a bidder's price is substantially higher than those of other bidders, meaning those in excess of a twenty-five percent (25%) differential, the bidder's price will be deemed non-responsive.

1.10. Withdrawal of Bids

If the price bid is substantially lower than those of other bidders, a mistake may have been made. A bidder may withdraw its bid from consideration if certain conditions are met:

- (1) The bid is submitted in good faith.
- (2) The price bid is substantially lower than those of other bidders because of a mistake.
- (3) The mistake is a clerical error, not an error of judgment; and,
- (4) Objective evidence drawn from original work papers, documents, and other materials used in the preparation of the bid demonstrates clearly that the mistake was an unintentional error in arithmetic or an unintentional omission of a quantity of labor or material.

To withdraw a bid that includes a clerical error after bid opening, the bidder must give notice in writing to the agency of claim of right to withdraw a bid. Within two (2) business days after the bid opening, the bidder requesting withdrawal must provide to the agency all original work papers, documents, and other materials used in the preparation of the bid.

No partial withdrawals of a bid are permitted after the time and date set for the bid opening; only complete withdrawals are permitted.

SECTION 2

2.1 Purpose

The MDPS is seeking to establish a contract for customized testing and reporting services for DNA Testing of Sexual Assault Evidence Kits (SAEK's) on behalf of the Mississippi Forensics Laboratory (MSFL). It is understood that any contract resulting from 3160007024 requires approval by the Public Procurement Review Board. If any contract resulting from 3160007024 is not approved by the Public Procurement Review Board, it is void and no payment shall be made.

2.2 Scope of Services

The Contractor will perform the following services upon request of the Mississippi Forensics Laboratory (MSFL), in fulfillment the purposes of this contract:

Vendor Requirement Bid Specifications:

The vendor laboratory will process Sexual Assault Evidence Kits (SAEK) samples for analysis based on the information provided from consultation with the Mississippi Forensics Laboratory DNA personnel. The cost for testing of the SAEK samples will

include shipping of the evidence to, and from, the vendor laboratory, examination of the evidence samples by qualified personnel, and reporting of the results of testing. Generally, this will include the Deoxyribonucleic Acid (DNA) testing of evidentiary material for the purpose of providing results which can be uploaded into the Combined DNA Index System (CODIS). Testing of the SAEKs will proceed based on analysis batch sizes determined by the vendor laboratory's proposals and the turn-around times outlined therein.

Scope of Work

The vendor laboratory will perform DNA testing on:

Evidence Sampling

1. The single most probative positive sample and the victim's reference sample (2 total samples) will initially be selected in single perpetrator cases.
2. Upon consultation and approval of the MSFL, up to 3 positive samples (deemed most probative) and the victim's reference sample (up to 4 total samples) in cases as outlined:
 - Multiple perpetrators are indicated.
 - Consensual intercourse within 120 hours of the alleged incident.
 - The victim experienced a loss of consciousness.
 - The victim is younger than 12 years.
 - Mentally challenged adults: or where no medical report is available for review.
3. The vendor laboratory will not consume more than 50% of any evidence item within a sexual assault evidence kit (SAEK) for initial analysis.
 - If the vendor laboratory determines that more than 50% of the original evidence is required to provide sufficient amount of male DNA to establish a potential DNA profile for searching CODIS, permission must be sought from the Mississippi Forensics Laboratory prior to proceeding with that testing.
4. The vendor laboratory will process sexual assault evidence kit (SAEKs) samples using a direct-to-DNA method (i.e., no serological analysis).

DNA Extraction/Purification

1. The vendor laboratory will use the following parameters for extracting and purifying SAEK samples:
 - A differential extraction technique is required on all items determined to or suspected of containing sperm cells. The differential extraction will be performed using a method validated by vendor laboratory and approved by the MSFL Crime Laboratory Technical Manager.
 - All sexual assault evidence kit (SAEK) evidence samples will be tested using a Qiagen silica-based purification method.

- Any victim, suspect, or consensual partner reference samples may be tested with any properly validated method that can reliably yield full DNA profiles as described in DNA amplification.
- Once extracted for DNA, any substrates used for testing do not need to be retained.

DNA Quantification

1. The vendor laboratory will use a quantitative polymerase chain reaction (qPCR) DNA quantification process that detects both total human and Y-chromosome DNA targets.

DNA Amplification

1. The vendor lab may consume purified DNA extracts if required to obtain a DNA typing result.

2. The vendor laboratory will use the GlobalFiler amplification kit in association with the Applied Biosystems 3500 (or 3500XL) Genetic Analyzer for testing of all Mississippi Forensics Laboratory case samples.

- The vendor laboratory must obtain a complete GlobalFiler profile for victim and/or elimination standards for recent cases (i.e., 2010 or more recent). On samples from cases prior to 2010 (i.e., 2009 or prior), if the sample sent yields insufficient results, the vendor laboratory must attempt to obtain a complete GlobalFiler profile. If the vendor laboratory cannot obtain a complete GlobalFiler profile after additional analysis, the report must contain notification that only a partial result was obtained. If only a portion of the known sample is extracted and is found to yield insufficient DNA for complete results, it is the responsibility of the testing laboratory to reextract the remainder of the sample at no additional cost.
- The vendor laboratory must attempt to obtain a complete GlobalFiler profile for amplified SAEK questioned samples. If less than 13 loci of information are obtained, the vendor laboratory must attempt to obtain additional information either through re-amplification or re-injection of the sample using more sensitive parameters.

3. The vendor laboratory will confirm all variant alleles through re-injection or reamplification to confirm the allele designations.

- Microvariant alleles (e.g., actual alleles that do not fall in a pre-determined allelic bin location in the analysis software) will be confirmed through re-injection of the samples to confirm allele sizing.
- Potential tri-allelic genotypes (i.e., genotypes with more than two alleles) will be confirmed through re-amplification of the sample.

Interpretation of DNA Results

1. The vendor laboratory will perform interpretation of any potentially probative DNA profiles using an internally validated fully continuous probabilistic genotyping software (e.g., STRmix).

- Where appropriate, likelihood ratio calculations will be performed to provide statistical weight to any potential associations to evidence profiles.
 - Likelihood ratio results will be reported in accordance with the Recommendations of the Scientific Working Group on DNA Analysis Methods (SWGDM) Ad Hoc Working Group on Genotyping Results Reported as Likelihood Ratios.
 - At a minimum, likelihood results will be reported for the lowest value obtained between the various population groups calculated.
2. The vendor laboratory will perform a quality control evaluation on all DNA profiles developed from Mississippi Forensics Laboratory SAEKs by comparing the generated data against staff elimination DNA profiles from the vendor laboratory.
 - The elimination database must contain DNA profiles from any employee handling the Mississippi Forensics Laboratory SAEKs, performing work on Mississippi Forensics Laboratory SAEKs, or that have access to areas where the Mississippi Forensics Laboratory SAEKs are stored or tested.
 - The vendor laboratory will pursue re-analysis at no additional cost when testing of any Mississippi Forensics Laboratory samples has been deemed affected by contamination, or otherwise fails due to a vendor laboratory event (e.g., failed positive controls).

Data Presentation Parameters

The reported profiles shall have the following characteristics:

1. Positive and negative controls will be run with each and every amplification set of samples processed. A reagent blank control will be run with each and every extraction set of samples processed.
2. The three controls (positive, negative, reagent blank) must be analyzed and produce the expected results.
3. Alleles in ladders, positive controls and samples shall have a signal at least 3X that of background. The Mississippi Forensics Laboratory will not be measuring the signal to noise ratio for every sample. However, if the Mississippi Forensics Laboratory feels that background is excessive, the Vendor laboratory shall be prepared to demonstrate signal to noise contract compliance if requested.
4. Peak shape shall be symmetrical, wider at the base than at the peak, height greater than the width, bell shaped, and devoid of split peaks.
5. Minimum peak height shall be 150 RFU for heterozygote alleles and ladder 600 RFU for homozygote alleles 175U for ILS.
6. Maximum peak height shall not exceed the maximum detection threshold of the instrument. The Mississippi Forensics Laboratory may elect to accept data with a higher maximum peak height after reviewing the Vendor's validation experiments.
7. Spiking or enriching a sample shall not be acceptable.

8. Typical Allele Call Guidelines

- All peaks with an RFU (relative fluorescence unit) of at least 150 will be assigned an allele designation by the GeneMapper IDX software that is +/- 1.0 bp from the true size of the allele as defined by the user manual provided the manufacturer of the kit employed. Allele calls will be made at 150 RFU for heterozygote peaks and 600 for homozygote peaks.
- Samples with peak heights of greater than 24,000 for GlobalFiler may be interpreted with caution or may be re-injected using a diluted product sample to better resolve results.
- All results or electropherograms must be checked and approved by a qualified DNA analyst. If a consensus is not reached, the technical leader will be consulted.

2.2.1 The Contractors shall:

- Assign a Contractor Account Representative to work directly with the Contracting Agency Representative.
- All state facilities are non-smoking; the Contractor and its personnel must adhere to this requirement. The use of tobacco products is prohibited, except within designated smoking areas.

The project shall at all times be properly supervised and adequately manned by an experienced crew of appropriate size. All work shall be accomplished by skilled workers familiar with and trained to do this type of work. Workers shall be qualified to operate and/or use the equipment necessary to accomplish this work. The Contractor shall be responsible for the supervision and direction of the work performed by its personnel. The Contractor shall be responsible for instructing its personnel in all safety measures. All equipment used by the Contractor shall be maintained in safe operating condition at all times and be free from defects or wear that may in any way constitute a hazard to any person or persons on state

property. All incidents involving agency property or personnel shall be reported to the designated agency contact immediately upon occurrence.

The total number of renewal years permitted shall not exceed 4. Contract renewals will be evaluated based on the availability of funds, changes in program direction, ability of the contractor to meet scheduled deliveries and milestones in a satisfactory manner and satisfactorily performing all duties of the contract. There will be approximately 2,164 samples. The sample will consist of mostly seized drugs in the form of plant material, crystalline material, powders, and pills. The total term length of the resulting contract shall not exceed four years with yearly renewal option.

SECTION 4

4.1 Basis for Award

- All bids will be reviewed first to determine whether a vendor is responsive, responsible, and/or acceptable. Requirements are not assigned a point percentage and/or score but are instead simply recorded as PASS or FAIL. Bids with errors that do not alter the substance

of the bid can be accepted, and the Agency Chief Procurement Officer may allow the bidder to correct the problem prior to review as long as the irregularities are insignificant mistakes that can be waived or corrected without prejudice to other bidders.

- The agency has the right to waive minor defects or variations of a bid from the exact requirements of the specifications that do not affect the price, quality, quantity, delivery, or performance time of the services being procured. If insufficient information is submitted by a bidder with the bid for the agency to properly evaluate the bid, the agency has the right to require such additional information as it may deem necessary after the time set for receipt.
- All bids which are determined to be responsive, responsible, and/or acceptable will continue on to the price bid or cost evaluation. The lowest cost bid will receive the maximum 100 points allocated to cost. The point allocations for cost on the other bids will be evaluated according to the following formula: Price of the lowest responsive and responsible bid divided by the price of the responsive and responsible bid being rated times the maximum 100 points allocated for cost equal the awarded points.

4.1.1 Award

The agency intends to award one contract to provide the services described in this IFB to the lowest responsible and responsive bidder.

4.1.2 Responsive Bidder

(*See Attachments C and E.*)

Each bidder must furnish the contact person, address, and phone number for each reference. These references must be familiar with the bidder's abilities in the areas involved with this solicitation. The MS Department of Public Safety will use these references to determine the bidder's ability to perform the services. It is the responsibility of the bidder to ensure that the reference contact information is correct and current. Bidders should verify before submitting their bid that the contact person and phone number are correct for each reference. The bidder may submit as many references as desired. The MS Department of Public safety will begin contacting references at the top of the list and will continue down the list until three contacts have been reached.

References must be listed on **Attachment C**.

4.3 Nonconforming Terms and Conditions

A bid response that includes terms and conditions that do not conform to the terms and conditions in the bid document is subject to rejection as non-responsive. ATTACHMENT F

Required Clauses for Service Contracts Resulting from this Invitation for Bids

1. Applicable Law. The contract shall be governed by and construed in accordance with the laws of the State of Mississippi, excluding its conflicts of laws, provisions, and any litigation with respect thereto shall be brought in the courts of the State. Contractor shall comply with applicable federal, state, and local laws and regulations.
2. Availability of Funds. It is expressly understood and agreed that the obligation of the Agency to proceed under this agreement is conditioned upon the appropriation of funds by the Mississippi State Legislature and the receipt of state and/or federal funds. If the funds anticipated for the continuing fulfillment of the agreement are, at any time, not forthcoming or insufficient, either through the failure of the federal government to provide funds or of the State of Mississippi to appropriate funds or the discontinuance or material alteration of the program under which funds were provided or if funds are not otherwise available to the Agency, the Agency shall have the right upon ten (10) working days written notice to Contractor, to terminate this agreement without damage, penalty, cost or expenses to the Agency of any kind whatsoever. The effective date of termination shall be as specified in the notice of termination.
3. Compliance with Laws. Contractor understands that the Agency is an equal opportunity employer and therefore, maintains a policy which prohibits unlawful discrimination based on race, color, creed, sex, age, national origin, physical handicap, disability, genetic information, or any other consideration made unlawful by federal, state, or local laws. All such discrimination is unlawful, and Contractor agrees during the term of the agreement that Contractor will strictly adhere to this policy in its employment practices and provision of services. Contractor shall comply with, and all activities under this agreement shall be subject to, all applicable federal, State of Mississippi, and local laws and regulations, as now existing and as may be amended or modified.
4. E-Payment. Contractor agrees to accept all payments in United States currency via the State of Mississippi's electronic payment and remittance vehicle. The agency agrees to make payment in accordance with Mississippi law on "Timely Payments for Purchases by Public Bodies," which generally provides for payment of undisputed amounts by the agency within forty-five (45) days of receipt of invoice. Mississippi Code Annotated § 31-7-301 *et seq.*
5. E-Verification. If applicable, Contractor represents and warrants that it will ensure its compliance with the Mississippi Employment Protection Act of 2008 and will register and participate in the status verification system for all newly hired employees. Mississippi Code Annotated § § 71-11-1 *et seq.* The term "employee" as used herein means any person that is hired to perform work within the State of Mississippi. As used herein, "status verification system" means the Illegal Immigration Reform and Immigration Responsibility Act of 1996 that is operated by the United States Department of Homeland Security, also known as the E-Verify Program, or any

other successor electronic verification system replacing the E-Verify Program. Contractor agrees to maintain records of such compliance. Upon request of the State and after approval of the Social Security Administration or Department of Homeland Security when required, Contractor agrees to provide a copy of each such verification. Contractor further represents and warrants that any person assigned to perform services hereafter meets the employment eligibility requirements of all immigration laws. The breach of this agreement may subject Contractor to the following:

- a. termination of this contract for services and ineligibility for any state or public contract in Mississippi for up to three (3) years with notice of such cancellation/termination being made public.
 - b. the loss of any license, permit, certification, or other document granted to Contractor by an agency, department or governmental entity for the right to do business in Mississippi for up to one (1) year; or, both
 - c. In the event of such cancellation/termination, Contractor would also be liable for any additional costs incurred by the State due to Contract cancellation or loss of license or permit to do business in the State.
6. Paymode. Payments by state agencies using the State's accounting system shall be made and remittance information provided electronically as directed by the State. These payments shall be deposited into the bank account of Contractor's choice. The State may, at its sole discretion, require Contractor to electronically submit invoices and supporting documentation at any time during the term of this Agreement. Contractor understands and agrees that the State is exempt from the payment of taxes. All payments shall be in United States currency.
7. Procurement Regulations. The contract shall be governed by the applicable provisions of the *Mississippi Public Procurement Review Board Office of Personal Service Contract Review Rules and Regulations*, a copy of which is available 501 North West Street, Suite 701E, Jackson, Mississippi 39201 for inspection, or downloadable at <http://www.DFA.ms.gov>.
8. Representation Regarding Contingent Fees. Contractor represents that it has not retained a person to solicit or secure a state contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except as disclosed in Contractor's bid.
9. Representation Regarding Gratuities. Contractor represents that it has not violated, is not violating, and promises that it will not violate the prohibition against gratuities set forth in *Section 6-204 (Gratuities) of the Mississippi Public Procurement Review Board Office of Personal Service Contract Review Rules and Regulations*.
10. Stop Work Order.
- a. *Order to Stop Work:* The Procurement Officer, may, by written order to Contractor at any time, and without notice to any surety, require Contractor to stop all or any part of the work called for by this contract. This order shall be for a specified period not exceeding 90 days after the order is delivered to Contractor unless the parties agree to any further period. Any such order shall be

identified specifically as a stop work order issued pursuant to this clause. Upon receipt of such an order, Contractor shall forthwith comply with its terms and take all reasonable steps to minimize the occurrence of costs allocable to the work covered by the order during the period of work stoppage. Before the stop work order expires, or within any further period to which the parties shall have agreed. The Procurement Officer shall either:

- i. cancel the stop work order; or,
 - ii. terminate the work covered by such order as provided in the Termination for Default clause or the Termination for Convenience clause of this contract.
- b. *Cancellation or Expiration of the Order:* If a stop work order issued under this clause is canceled at any time during the period specified in the order, or if the period of the order or any extension thereof expires, Contractor shall have the right to resume work. An appropriate adjustment shall be made in the delivery schedule or Contractor price, or both, and the contract shall be modified in writing accordingly, if:
- i. the stop work order results in an increase in the time required for, or in Contractor's cost properly allocable to, the performance of any part of this contract; and,
 - ii. Contractor asserts a claim for such an adjustment within 30 days after the end of the period of work stoppage; provided that, if the Procurement Officer decides that the facts justify such action, any such claim asserted may be received and acted upon at any time prior to final payment under this contract.
- c. *Termination of Stopped Work:* If a stop work order is not canceled and the work covered by such order is terminated for default or convenience, the reasonable costs resulting from the stop work order shall be allowed by adjustment or otherwise.
- d. *Adjustments of Price:* Any adjustment in contract price made pursuant to this clause shall be determined in accordance with the Price Adjustment clause of this contract.

11. Termination for Convenience.

- a. *Termination.* The Agency Head or designee may, when the interests of the State so require, terminate this contract in whole or in part, for the convenience of the State. The Agency Head or designee shall give written notice of the termination to Contractor specifying the part of the contract terminated and when termination becomes effective.
- b. *Contractors Obligations.* Contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination Contractor will stop work to the extent specified. Contractor shall also terminate outstanding orders and subcontracts as they relate to the terminated work. Contractor shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work. The Agency Head or designee may direct Contractor to assign Contractor's right, title, and interest under terminated orders or subcontracts to the State. Contractor must still complete the work not terminated by the notice of termination and may incur obligations as are necessary to do so.

12. Termination for Default.

- a. *Default.* If Contractor refuses or fails to perform any of the provisions of this contract with such diligence as will ensure its completion within the time specified in this contract or any extension thereof, or otherwise fails to timely satisfy the contract provisions, or commits any other substantial breach of this contract, the Agency Head or designee may notify Contractor in writing of the delay or nonperformance and if not cured in ten (10) days or any longer time specified in writing by the Agency Head or designee, such officer may terminate Contractor's right to proceed with the contract or such part of the contract as to which there has been delay or a failure to properly perform. In the event of termination in whole or in part, the Agency Head or designee may procure similar supplies or services in a manner and upon terms deemed appropriate by the Agency Head or designee. Contractor shall continue performance of the contract to the extent it is not terminated and shall be liable for excess costs incurred in procuring similar goods or services.
- b. *Contractors Duties.* Notwithstanding termination of the contract and subject to any directions from the procurement officer, Contractor shall take timely, reasonable, and necessary action to protect and preserve property in the possession of Contractor in which the State has an interest.
- c. *Compensation.* Payment for completed services delivered and accepted by the State shall be at the contract price. The State may withhold from amounts due Contractor such sums as the Agency Head or designee deems to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders and to reimburse the State for the excess costs incurred in procuring similar goods and services.
- d. *Excuse for Nonperformance or Delayed Performance.* Except with respect to defaults of subcontractors, Contractor shall not be in default by reason of any failure in performance of this contract in accordance with its terms (including any failure by Contractor to make progress in the prosecution of the work hereunder which endangers such performance) if Contractor has notified the Agency Head or designee within 15 days after the cause of the delay and the failure arises out of causes such as: acts of God; acts of the public enemy; acts of the State and any other governmental entity in its sovereign or contractual capacity; fires; floods; epidemics; quarantine restrictions; strikes or other labor disputes; freight embargoes; or unusually severe weather. If the failure to perform is caused by the failure of a subcontractor to perform or to make progress, and if such failure arises out of causes similar to those set forth above, Contractor shall not be deemed to be in default, unless the services to be furnished by the subcontractor were reasonably obtainable from other sources in sufficient time to permit Contractor to meet the contract requirements. Upon request of Contractor, the Agency Head or designee shall ascertain the facts and extent of such failure, and, if such officer determines that any failure to perform was occasioned by any one or more of the excusable causes, and that, but for the excusable cause, Contractor's progress and performance would have met the terms of the contract, the delivery schedule shall be revised accordingly, subject to the rights of the State under the clause entitled in fixed-price contracts, "Termination for Convenience". (As used in this Paragraph of this clause, the term "subcontractor" means subcontractor at any tier).
- e. *Erroneous Termination for Default.* If, after notice of termination of Contractor's right to proceed under the provisions of this clause, it is determined for any reason that the contract was not in default under the provisions of this clause, or that the delay was excusable under the provisions of Paragraph (4) (Excuse for Nonperformance or Delayed Performance)

of this clause, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the notice of termination had been issued pursuant to such clause.

f. *Additional Rights and Remedies.* The rights and remedies provided in this clause are in addition to any other rights and remedies provided by law or under this contract.

13. Termination Upon Bankruptcy. This contract may be terminated in whole or in part by Agency upon written notice to Contractor, if Contractor should become the subject of bankruptcy or receivership proceedings, whether voluntary or involuntary, or upon the execution by Contractor of an assignment for the benefit of its creditors. In the event of such termination, Contractor shall be entitled to recover just and equitable compensation for satisfactory work performed under this contract, but in no case shall said compensation exceed the total contract price.
14. Trade Secrets, Commercial and Financial Information. It is expressly understood that Mississippi law requires that the provisions of this contract which contain the commodities purchased or the personal or professional services provided, the price to be paid, and the term of the contract shall not be deemed to be a trade secret or confidential commercial or financial information and shall be available for examination, copying, or reproduction.
15. Transparency. This contract, including any accompanying exhibits, attachments, and appendices, is subject to the "Mississippi Public Records Act of 1983," and its exceptions. See Mississippi Code Annotated § § 25-61-1 *et seq.* and Mississippi Code Annotated § 79-23-1. In addition, this contract is subject to the provisions of the Mississippi Accountability and Transparency Act of 2008. Mississippi Code Annotated §§ 27-104-151 *et seq.* Unless exempted from disclosure due to a court-issued protective order, a copy of this executed contract is required to be posted to the Department of Finance and Administration's independent agency contract website for public access at <http://www.transparency.mississippi.gov>. Information identified by Contractor as trade secrets, or other proprietary information, including confidential vendor information or any other information which is required confidential by state or federal law or outside the applicable freedom of information statutes, will be redacted.
16. Acknowledgement of Amendments
Bidders shall acknowledge receipt of any amendment to the solicitation by signing and returning the amendment with the bid, by identifying the amendment number and date in the space provided for this purpose on the bid form, or by letter. The acknowledgement must be received by the MDPS by the time and at the place specified for receipt of bids.
17. Approval. It is understood that this contract requires approval by the Office of Personal Service Contract Review Board. If this contract is not approved, it is void and no payment shall be made hereunder.

3. Force Majeure. Each party shall be excused from performance for any period and to the extent that it is prevented from performing any obligation or service, in whole or in part, as a result of causes beyond the reasonable control and without the fault or negligence of such party and/or its subcontractors. Such acts shall include without limitation acts of God, strikes, lockouts, riots, acts of war, epidemics, governmental regulations superimposed after the fact, fire, earthquakes, floods, or other natural disasters (“force majeure events”). When such a cause arises, Contractor shall notify the State immediately in writing of the cause of its inability to perform, how it affects its performance, and the anticipated duration of the inability to perform. Delays in delivery or in meeting completion dates due to force majeure events shall automatically extend such dates for a period equal to the duration of the delay

caused by such events, unless the State determines it to be in its best interest to terminate the agreement.

4. Ownership of Documents and Work Papers. Agency shall own all documents, files, reports, work papers and working documentation, electronic or otherwise, created in connection with the project, which is the subject of this agreement, except for Contractor's internal administrative and quality assurance files and internal project correspondence. All records related to this agreement shall be retained by Contractor for three (3) years after final payment is made under this agreement and all pending matters are closed; however, if any audit, litigation or other action arising out of or related in any way to this project is commenced before the end of the three-year period, the records shall be retained for one (1) year after all issues arising out of the action are finally resolved or until the end of the three-year period, whichever is later.
6. Right to Audit. Contractor shall maintain such financial records and other records as may be prescribed by the Agency or by applicable federal and state laws, rules, and regulations. Contractor shall retain these records for a period of three (3) years after final payment, or until they are audited by the Agency, whichever event occurs first. These records shall be made available during the term of the contract and the subsequent three-year period for examination, transcription, and audit by the Mississippi State Auditor's Office, its designees, or other authorized bodies.
7. Severability. If any part of this agreement is declared to be invalid or unenforceable, such invalidity or unenforceability shall not affect any other provision of the agreement that can be given effect without the invalid or unenforceable provision, and to this end the provisions hereof are severable. In such event, the parties shall amend the agreement as necessary to reflect the original intent of the parties and to bring any invalid or unenforceable provision, and to this end the provisions hereof are severable. In such event, the parties shall amend the agreement as necessary to reflect the original intent of the parties and to bring any invalid or unenforceable provisions in compliance with applicable law.
8. Waiver. No delay or omission by either party to this agreement in excising any right, power, or remedy hereunder or otherwise afforded by contract, at law, or in equity shall constitute

an acquiescence therein, impair any other right, power or remedy hereunder or otherwise afforded by any means, or operate as a waiver of such right, power or remedy hereunder or otherwise afforded by any means, or operate as a waiver of such right, power, or remedy. No waiver of or modification to any term or condition of this agreement will avoid, waive, or change any other term or condition. No waiver by one party to this agreement of a default by the other part will imply, be construed as or require waiver of future or other defaults.
