

“Instructor Development”

July 22 – 25, 2024

Maximum students: 10

Instructional setting: Classroom

Course Fee: 450.00 per officer

This course provides training focused on new instructor development skills for teaching Mississippi law enforcement and public safety officers, dispatchers, and corrections officers. Students will gain facilitation skills and an understanding of how to employ adult learning methodologies appropriate for various public safety topics. This course will guide the instructor on their role in teaching adults, classroom setup, and the use of equipment to benefit their students in learning. This class is designed for those teaching in-service or advanced training within their agencies and instructors teaching in the academy setting. Once attendees complete an internship they will be eligible to apply for their State of Mississippi Instructor Certification.

Instructional Goals:

- **Develop the use of positive approaches to instruction and classroom management**
- **Develop the use of positive approaches to leading**
- **Develop support for students and co-workers**
- **Understand research-based theories of learning, education, and behavior change**
- **Roles & responsibilities of the instructor**
- **Elements of training**
- **Develop critical thinking skills**
- **Develop modules**
