

## Invitation for Bid for Hand Held Metal Detectors

### Bid# 3140002659

1. Question – Will you accept other makes & models (other than Garrett)?  
Answer - **Garrett is the only make and model we will take. Due to their ruggedness and reliability.**
2. Question - Will you accept an operating frequency other than 95KHz?  
Answer - **No, due to the speed of detection.**
3. Question - Will you accept an audible alarm in lieu of amber light to indicate “low battery, empty battery”?  
Answer - **Prefer audible and visual indicators so these can be used in a silent operations mode.**
4. Question - Will you accept a unit that does not have a “structurally isolated coil” but is still rugged and high impact construction?  
Answer – **Yes**
5. Question - Will you accept IP20?  
Answer – **No. Require a higher level of protection**
6. Question - Will you accept -40 to +60 deg Celsius operating temperature?  
Answer – **Yes**
7. Question - Will you accept dimensions of 39.1cm (L) x 14cm (W) x 3.3cm (T)?  
Answer – **Yes**
8. Question - Will you accept Rechargeable NiMH “AA” batteries in lieu of 9V? Answer - **Yes**
