

**Response to Questions and Answers for Metal Detectors Rebid**

**MDPS # 3140002684**

June 9, 2021

**Clarity of information to prior question (#3)**

- 1) **Question** - Will you need (1) rechargeable battery for each Super Scanner (total of 800) or a rechargeable battery and an extra one, total of 1600 batteries?

**Answer** – (clarification) one rechargeable extra battery. The extra battery will be a separate item. The scanner comes with a 9 volt battery. The rechargeable battery kit comes with Cadmium free NI-MH battery (total of 800).
